MEMO FOR THE RECORD

SUBJECT: NIS Area 57

According to news received this morning, OSI has in preparation a Section 45 on subject area. This area has been divided into 57A-B-C covering northern and southern Rhodesia and the former Nyasaland, now the Republic of Malawi.

asks advice on what to call area 57C. We have tentatively suggested that the area for the purposes of this section be titled Rhodesia and Malawi and include all three areas. Recognition of the new name, however, is perhaps a Committee matter.
